As the above statements cover the most of the library activities but little need be added.

Our attention, during the latter part of the year especially, has been largely given to plans for the future, looking toward greater efficiency which we hope to bring about through the revision of our catalog with the addition of a shelf list and subject index.

The books for children have already been reclassified and re-shelved, making certain material more easy of access. Later we hope to add a picture collection. As suggested by the trustees, the librarian spent four days in Durham in attendance at the school for librarians, held by the Public Library Commission in co-operation with the State College. This proved a very profitable as well as enjoyable session. Since then we have received a visit from the secretary of the Public Library Commission during which local library affairs were helpfully discussed.

As in previous years thanks should be given to the friends who have helped to make our reading room of larger service, nine of our current periodicals being supplied through their generosity. Several useful and interesting books have been loaned to the library. Among them A History of Carroll County, an Encyclopedia of Engineering, and Who's Who.

The purchasing power of our funds being only about 70 percent. of former years, a larger appropriation is necessary if present standards are maintained.

Respectfully submitted,

ALICE S. POLLARD.

*To the Board of Trustees for Free Public Library
Conway:*

I herewith submit the following report of the Free Public Library at Centre Conway for 1920:

Total number of volumes, Jan. 1920	2,522
------------------------------------	-------

Number purchased during year	37
Gifts during year	2
Total	2,561

During the early fall Miss Grace Kingsland, Secretary of the Library Commission, Concord, spent an afternoon and evening at the library. With her advice eight duplicate books have been purchased from H. R. Huntting Co., Springfield, Mass. These were books in almost constant demand by the school children, they are re-sewed and in re-enforced binding and well worth the expense which was met by gifts from several of our summer colony people. We extend to General A. W. Greely, Mrs. Comstock and Mrs. Glackens our thanks for their gifts and kindly support.

The usual magazines are found upon the table and are much enjoyed and appreciated by the patrons.

The circulation has been: Fiction, 820; Juvenile, 498; Miscellaneous, 195. Total, 1,513.

Fine collections have been used for part of the magazines found in the library.

Respectfully submitted,

ABBIE M. D. BLOUIN,

Librarian.

I hereby submit an account of all money received and disbursed by me as School District Treasurer for the fiscal year ending August 31, 1920:

Balance on hand, Aug. 31, 1919,	\$346 40
Received from all other sources	24,930 38

WILLIAM R. CARTER,
Treasurer.

We hereby certify that we have examined the accounts of the Treasurer of the Conway School District for the fiscal year ending August 31, 1920, and find them correct. There are proper vouchers on file for each and every item paid out, and the amount of cash on hand, \$374.86, on deposit with the Conway National Bank.

SCHOOL REPORT.

To the School Board and Citizens of Conway:

I have the honor and pleasure of presenting my third annual report for your consideration. The year has been a busy one as the large district of which I am superintendent requires my entire time. I have tried not to neglect any of the duties that properly belong to me, but I have not had as much time to make investigations into new fields as I hope to do when the work is systematized.

The number of pupils during the current year is 525 distributed as follows:

CONWAY

School	Teacher	No. Reg. Sept. 30, 1920
Grade 1,	Nettie Hazelton	26
Grades 2 and 3,	Doris Jones	38
Grade 4,	Edith S. Newton	36
Grades 5 and 6,	Agnes Sawyer	34
Grades 7 and 8,	Bertha Stacy	44
High School,	Bernard Bernstein, Headmaster, A. S. Goody, Assistant	46

NORTH CONWAY

Grades 1 and 2,	May F. Crosby	38
Grades 3 and 4,	Mildred Wright	35
Grades 5 and 6,	Josephine Donovan	29
Grades 7 and 8,	Amy Tenney	27
High School,	Leon M. Orcutt, Headmaster, Helen E. Nute, Assistant	36

CONWAY CENTRE

Grammar School, Myron Smith	26
Primary, Elsie M. Masterton	16
Kearsarge, Inez Jackson	22
West Side, Hazel Merrill	19
South Conway Cora G. Haley	11
Redstone, Eliza J. Hale	18
East Conway, Harriet Woodward	13

For many years North Conway High school has had a very low record of attendance, and this year the State Department called our attention to the fact that unless a better record could be made it would be obliged to withhold its approval. The teachers have made special effort to improve the attendance and a letter was lately received from the State Department, approving the school and cordially commending the teachers for the efforts made, and the results obtained. It would seem that the matter of attendance in the High school should be a matter of pride for the parents and pupils.

At the risk of losing my head, I shall venture to touch on a delicate subject. The town of Conway expends money enough to have one of the best high schools in the state, and it could have if the people would lay aside personal whims and give whole-hearted endeavor for one high school, and that, one of the best. But with a part in Conway, another in North Conway, some in Fryeburg, still others at Northfield, or Brewster, it divides the force that could, and should, make Conway an educational center, towards which all of this section of the state should be looking.

The prospects for good graduating classes at both

Conway and North Conway high schools are good. Conway has a class of ten in the fourth year, and North Conway has four. Most of these pupils are making plans to go to college or normal school.

The people at Conway Center are asking for high school teaching in their own school house, so that their pupils may have some high school training without being obliged to go away for it. They have the equipment in the way of room and furniture, and all that is needed is a teacher. A few years ago they had a two-year course with a teacher. This is a matter for discussion by those interested in it. Some work is being attempted this year to satisfy this demand. I suggest that the parents, who are interested, consult with the School Board and Superintendent and formulate a plan to be submitted at the District meeting

REPAIRS

The East Conway school house has had considerable done in the way of repairs. The windows and doors have been changed to conform with the requirements of the State Board. Double windows have been put on the North and West sides of the West Side school house, and some of the houses have been painted inside.

For a number of years, the pupils at North Conway have been using the so-called "Hall" for basket ball, and other activities. There was but one floor of rough boards, and there were many holes in this where they were likely to get injured. The pupils have hoped to have this Hall finished and have been gathering a fund for this purpose. It was decided to aid the pupils to

the extent of laying a new floor, and this has been done.

The people in the Green Hill district are anxious for their school house to be repaired, and a school opened there in the fall. There will be about twelve pupils, and this seems to be a proper thing to do. It will do away with one conveyance, and will give the pupils now attending school in Chatham, a school in their own district.

TRANSPORTATION

There are but five transportation teams this year. L. A. Willey at Intervale; Mrs. Marion S. Smith from the west side of the Saco; J. H. Garland to the Center school; Mrs. Charles Ham to Conway and S. W. Hill to East Conway.

MEDICAL INSPECTION

The children have been inspected, and the following results speak for themselves. Number of cases of defective vision 108, defective hearing 3, defective teeth 93, hypertrophied tonsils 74, adenoids 28, enlarged glands 5, skin disease 9, anemia 2, nervous disease 3, cardiac 2, vermin 5, orthopedic defects 5, defects of breathing 6. The parents were notified of the above defects and 112 reported that they had received treatment. This report was made some time ago, and other cases have been treated since. I wish here to thank the doctors who have so generously contributed of their time and services in helping along this work. This is a beginning, but I hope the time will come when a trained nurse can be secured for the Supervisory District, who will give her entire time to this work, par-

ticularly in the follow up work in the homes. I wish also to thank the Red Cross for devoting money in some needy cases. This is a new work, but I have seen remarkable improvement in the health of some who have received treatment as the result of this work. There are needy cases being discovered frequently, and a small fund to provide dental services, or glasses, or to pay the cost for removing diseased tonsils, or adenoids, could be so used as to return large dividends in better physical development in these children.

EXPENSES

Some people are greatly frightened at the expense of the schools, and declare that we are sure to be bankrupt. I was surprised on looking over the 1917 report to find that the cost of that year was within \$253.75 of the cost of the schools last year. But, I believe that we have reached the height. I do not think we shall have to pay more for our teachers, but we should pay as much as we are now paying. Conway is not paying as much as the wages of teachers average in the state. Everyone knows that teachers have been underpaid. Prices must come down. Teachers in Conway are paying as much for board as the entire salary you paid your teachers a few years ago. We paid more for one car of coal last summer than it cost for the fuel for the entire district a few years ago. The cost of fuel in 1916 was \$695.55.

TRUANCY

Truancy in Conway is not more prevalent than in other places. But there are some parents and pupils who seek to evade the privileges of the schools. I

think it would pay to have a proper person appointed for the District and pay him to do this important work. I have had but little help in this work, and have been obliged to neglect other work, to look after the truants in various parts of the district.

Advance:

There should be no standing still in the work of education so long as improvements are possible. The schools of the past had good features; but our schools of today are much better than the schools twenty-five years ago. But we see other towns with features in their school work that we have not yet attempted in Conway. We should consider a course in Agriculture, Domestic Science or Manual Training in the elementary school, and a Commercial Department in the high schools. Wolfeboro has courses in Domestic Science and Manual Arts, and the pupils are doing beautiful work. Conway pupils are entitled to as good advantages as the pupils of any town in New Hampshire.

I wish to express my appreciation for the co-operation and help I have received during the past year.

Respectfully,

L. M. FELCH,
Superintendent
